## JACK RYAN

I've always been a fan of CIA movies. especial y Tom Clancy's Jack Ryan movies (Clear and Present Danger. Patriot Games, The Sum of All Fears. etc.). I m also a fan of John Krasinski. So. when Jack Ryan met John Krasinski on Amazon Prime, J was in for the ride. Season 1 starts with Jack as a CIA financial analyst working a desk job. When he uncovers a series of questionable bank transfers, he's pulled into the field chasing an up-and-coming terrorist. Season 2 has Jack in V.enezuela dealing with a corrupt government in the middle of an economic meltdown\_A third season has been confined, but the production status and plot are unknown. A possible release date is early 2021. Doesn..t matter...I'm ready for more!

TRINELLE RECOMMENDS...

ALL AMERICAN

This is my very first binge and I loved it. I watched two seasons in 3 days. All American is a drama based on a true story. Spencer is a young and awesome high school football player from Crenshaw, who transfers to Beverly Hills and lives between two families to kick off his football career. In this group of characters, you will love some, hate some, love to hate some, want to slap a couple of them, and one will make you cry. You will not want to leave your tv or tablet until you've seen all episodes. Taye Diggs does not disappoint either! I dare you to watch! :)

Let's take a poll: Who knows what M.A.S.H stands for?

## ROSA RECOMMENDS..

If you're interested in diving into the international section of Netflix, these shows **WILL NOT** disappoint you! Both of these series are from Spain but they are filled with suspense and drama! I could not stop watching them once I started. If you are intimidated by the foreign language, don't believe Netflix has come out with a new Google Chrome extension that allows you to learn a new language while watching a movie or series. It is called Language Learning with Netflix. Try it now, you may end up adding a new language onto your resume after finishing the quarantine time!
