

Dear Future Lakers!

As the 2019-2020 Time Capsule Committee, we offer the future academic community and friends of Clayton State University a chance to reminisce warmly over items collected from the last 25 years of the institution. It is our hope that the 2044 Time Capsule Committee continues this tradition of gathering materials to preserve Clayton State's valuable history within the time capsule. We wish the 2044 Time Capsule Committee all the fun, cooperation, and comradery our committee experienced during this endeavor. Thank You!

Sincerely,

Feechi Hall, University Archivist
