

DR. HELLER TO LECTURE AT CJC

Nationally-known economist Dr. Walter W. Heller will be featured in the "Money" lecture series at Clayton Junior College on Tuesday, January 20.

Dr. Heller, currently a Regents' Professor of Economics at the University of Minnesota and a member of the Federal Energy Office Advisory Panel, will speak on "Money, Budgets, and the Economy" at the 8:30 p.m. lecture in room G-132, the college's large lecture hall in the two-story classroom building.

A member of the Economics Faculty at the University of Minnesota since 1946, Dr. Heller became widely known through his service with the government. From 1942-46 he served as a Consultant with the U.S. Treasury, and in 1947-48 was Chief of Internal Finance for the U.S. Military Government in Germany.

Dr. Heller served as Chairman of the President's Council of Economic Advisers under Presidents Kennedy and Johnson

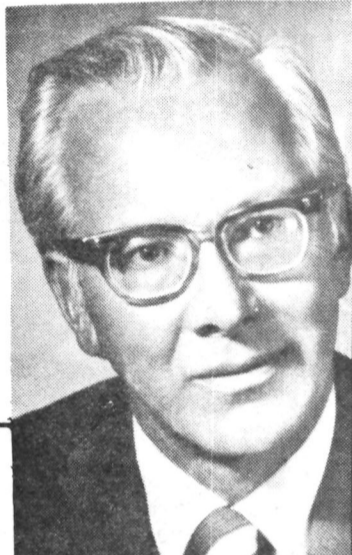

in 1961-64, and as a Consultant to the Executive Office of the President from 1965-69. In 1974 he was named to the Federal Energy Office Advisory Panel.

A past president of the American Economic Association, Dr. Heller is a member of the board of economists for "Time" and the board of contributors for "The Wall Street Journal". He has made contributions to a number of other publications and journals, and has appeared on national television programs

Public Information

"Meet the Press", "Face the Nation", "Business Week", and others.

Free tickets are required for Dr. Heller's lecture, and may be obtained by calling the Office of the Dean of Students, 363-7556. Additional information about the "Money" series, and other programs being offered at the college may be obtained by contacting Robert Taylor, Director of Student Activities, or Robert C. Bolander, Dean of Students.

Electronic Games Added to Student Center

by Paul Hinson

Three electronic video games have recently been installed on a trial basis in the student lounge on the lower level of the student center.

The machines, at the moment, seem quite popular among many students, however, CJC administrators say it is too early to tell if they have gained acceptance.

An appropriate time for any

decisions concerning the games will be spring quarter, after officials have determined whether they should remove them or possibly add more.

Several factors will contribute to the decision including their proper use and popularity among students.

Dean Robert C. Bolander has commented that if non-students are attracted to CJC simply to

operate the games, they have no right to be on campus and use of the games will be discontinued.

In addition, the possibility of the games disturbing students trying to study in the lounge will be taken into consideration.

All three machines were leased through DeKalb Vending, Inc. and all cost 25 cents to operate. Any profit from them will be used for maintenance and cleaning up of the general area.

CJC ENROLLMENT CONTINUES TO RISE

Sheila Buschman

Advisement and registration went smoothly this Winter Quarter according to Registrar Mrs. Annette Satterfield.

There were 2,077 students who had pre-registered this quarter. Mrs. Satterfield commented on the importance of pre-registration by stating, "I hope more and more students will take advantage of early registration because students are more nearly assured of getting the schedule they deserve."

Unlike last year Winter Quarter is not expected to exceed the enrollment of Fall Quarter. An unofficial count of 3,400 students is expected total for the enrollment of Winter Quarter, 1976. Compared to Winter Quarter, 1975, of 2,871 students, CJC has increased a great deal in

number over a period of one year!

According to the quarterly enrollment report made by the University System CJC is the largest of the 15 junior colleges within the University System. Ranking second is Kennesaw Junior College with 3,098 students followed by Macon Junior with an enrollment of 2,790.

CJC also has a higher enrollment than six of the four-year institutions. They include Albany State, Fort Valley State, Georgia Southwestern, Medical College of Georgia, North Georgia, and Savannah State.

During the Fall Quarter the University System reported a record number of 131,005 students enrolled in college credit courses.

Dr. Estes Leaves CJC Staff

Dr. Mary F. Estes, who has been the Chairman of the Division of Social Sciences since August of 1972, will be leaving CJC. The Board of Regents has appointed Dr. Estes to the position of Dean of Academic Affairs at Waycross Junior College, effective January 15, 1976. A native of Chambers County, Alabama, Dr. Estes joined the faculty of CJC as Coordinator of the Developmental Program in July of 1971.

Waycross Junior College will open in the Fall of 1976, so Dr. Estes will be the first Academic Dean at the new institution.

Until a successor is named to replace Dr. Estes, Dr. Harvey H. Jackson, Assistant Professor of History, has been appointed to serve as divisional coordinator for the Division of Social Sciences.

Dr. Jackson will be responsible for assisting Dean Billy R. Nail with the duties of the division, and will be representing the division in various meetings on the campus.

A committee has been formulated to assist President Downs and Dean Nail in identifying the best qualified person to fill the Division chairmanship. Hopes are to have a person named and on board as soon as possible.

Dr. Jackson is chairman of the special committee, which also includes Mr. Robert Walsh, representing Criminal Justice; Mrs. Naoma Price, Education; Dr. Avery Harvill, physical education; Dr. Michael Petersen, political science; Mrs. Miriam Reinfeld, Psychology; and Mrs. Faye Barr, sociology.

New Lounge Area Planned for Students

by Yolanda van Loo

New furniture has been ordered for several buildings here at CJC in order to increase the leisure space.

An entire sitting lounge is planned for the vacant lobby located in front of the library in the D Building. It will include six couches, a table with four chairs plus a few trashcans and ashtrays.

For those of you who may have noticed, some furniture has been removed from the student lounge in the academic building. This lounge is quite popular and some of its furniture has become worn. The worn furniture has now been temporarily removed but it will all be returned shortly looking good as new with an extra table and set of chairs.

Many students have wondered what the large spaces in the walls of the G Building were intended for. Well, they were originally designed for locker spaces, but, the demand for lockers has not been great enough to have them installed. The plans are that they now be converted into showcases built with sliding glass doors and removable shelves. This will enable them to display trophies as well as paintings and other art displays. Besides the showcases, the G Building will also be furnished with an extra three seat bench for the upper south end, plus, two large planters to be placed by the railings for safety reasons.

All these interior transformations are hoped to have taken place by the end of the winter quarter for the simple sake of enjoyment and comfort.

Is it so small a thing
 To have enjoyed the sun,
 To have lived light in the spring,
 To have loved,
 To have thought,
 To have done?
 Matthew Arnold

Dr. William H. Green, Assistant Professor of English, has had a humorous poem published and a short story accepted for publication recently.

"Paris in the Spring", Dr. Green's poem, appeared in the Fall 1975 issue of *The North American Mentor*, his second appearance in that magazine. "Gilda and the Dog-Police", a short story about a girl pursued by a large collie, will soon appear in *Fantastic Stories*, a magazine sold nationally on news stands.

The Office of Counseling and Testing at CJC will administer the Regents Test on February 9, 1976, and not on Monday, January 5 as published in our catalog. Tests will be given at 2:15 and 6 p.m. in room B-15.

Future Regents Tests, also in error in our catalog, are April 19 and July 7.

Public Safety Officers noted an increase in "speedsters" on the CJC campus during the Fall Quarter, and have warned against a continuation of this trend. The campus-wide speed limit is 20 miles per hour, a limit that has been broken by students, faculty, and staff alike.

So Slow it down!

There will be a program, "Music of the Classical Period", presented January 27th in room G-132. Two presentations will be given; the first program will be at 11:00 a.m. and the second one is scheduled for 1:15 p.m.

The program will contain a slide presentation with a recorded lecture and music accompanying it. There will be a recital afterwards. The music will be furnished by Lisa Tant on the flute, Doris Holloway on the viola, and Elena Zimmerman playing the piano. They will be playing selections from Hayden, Mozart, Beethoven and others.

WINTER QUARTER, 1976 ACADEMIC CALENDAR

December 17	Deadline for Winter Quarter applications and credentials
January 5	Advisement and Registration, Winter Quarter
January 6	Classes Begin
January 7-8	Examinations of the Advanced Placement Program
February 6	Schedule Change Days
February 6	Last day to drop classes without academic penalty
February 6	Dental Hygiene Aptitude Test
February 9	Regents' Testing Program
February 23 through	
March 1	Advisement for Early Registration
March 2	Early Registration for Spring Quarter, 1976
March 5	Deadline for Spring Quarter applications and credentials
March 15	Classes end, Winter Quarter
March 15	Final Examinations for 8:25 p.m. MW classes
March 16-19	Final Examinations, Winter Quarter

in brief

A piano recital will be given by John Huxford January 21st in room G-132 starting at noon. The music will center around the world of Ragtime music. Mr. Huxford will play many of the old Ragtime hits; among these will be the theme from "The Sting" and other popular movies. This should prove an enjoyable performance for faculty and students of all ages. Come and clap your hands!!!

LETTER TO THE EDITOR

"DO YOURSELF A FAVOR"

Yes, indeed, you can do yourself a favor and it's not that hard. I have been in the Cafeteria several times during Fall Quarter and have noticed that it has gotten pretty messy on several occasions. Chef White has endeavored to hold the line on food costs even though all of us realize that the raw materials used in making lunch and dinner in the Cafeteria have increased drastically over the past 24 months. In fact, the price on some items have even come down recently. (How's that for a change of pace?)

If the mess in the Cafeteria continues, the Chef may be forced to hire additional clean-up help which could further strain the budget several thousand dollars. Since he is cutting it pretty close at the moment, this would result in an increase in food costs. The Chef has said that 90% of the students clean their tables and return their trays to the service area without being reminded. The 10% who refuse to act like adults and pull cute stunts like turning ashtrays over on tables and rearranging furniture to suit their every whim are the ones that may be costing all of us.

I, for one, do not want to pay more for lunch at the Cafeteria, and I feel that most of you are in agreement with me. We could all benefit if you would make a conscious effort to straighten up your tables and return all trays, trash, etc., to the proper area of the Cafeteria. The Chef has also arranged the tables so that groups of five or more can sit together without blocking the aisles. It would be appreciated if you would move to one of the larger tables if you think you are going to draw a crowd or if a crowd starts to form at your table.

• Thank you in advance for any cooperation in this area.

Robert J. Taylor
Director of Student Activities

Nothing in life is to be feared.
It is only to be understood.

THE TERRIBLE TRIO IS BACK IN WARNER BROS. 'CLASS OF '44'

The further adventures of Hermie, Oscy and Benjy.

They've come a long way since that summer of '42!

Class of '44

Starring GARY GRIMES · JERRY HOUSER · OLIVER CONANT
and DEBORAH WINTERS PANAVISION® TECHNICAL COLOR Executive Producer HARRY KELLER
Written by HERMAN RAUCHER Produced and Directed by PAUL BOGART Music by DAVID SHIRE
Celebrating Warner Bros. 50th Anniversary A Warner Communications Company PG PARENTAL GUIDANCE SUGGESTED

The Terrible Trio
in the
Class of '44

The three boys who formed The Terrible Trio in Warner Bros. "Summer of '42" are back in the nostalgic comedy "Class of '44". The main characters are the same with Gary Grimes playing as Benjy, Jerry Houser as Hermie and Oliver Conant as Oscy.

Although the main characters are the same, the current film is different. The "Summer of '42" dealt with the three boy's confusion that characterized their adolescent sexual experiences. In the "Class of '44", the Terrible Trios' experiences include bobby socks, red-red lips and fraternity houses. Their trip into the past recreates the puzzling events that crowd everyone's adolescence. Benjy's enlistment in the Marines and Hermie and Oscy's escapades in an Eastern University begin their passage from adolescence to manhood.

The show will be seen at 1:15 p.m. in B-14 and 7:30 and 9:30 p.m. in G-132. All shows are Friday, January 23. See you at the movies!

gene cotton

If music is indeed the word of our times . . . GENE COTTON will no doubt be one of its voices. His soft voice and highly individual stylized sound is fast gaining him the reputation of being one of music's most exciting new personalities. Himself a brilliant songwriter, he has the knack for driving home the message of his own songs as well as those of others. Cotton's ballads and songs of the people are complimented by his easy going, warm stage presence.

Cotton began his musical career in small folk music clubs in the Midwest back in '62 while attending school at Ohio State University where he majored in political science. Leaving his home town of Columbus, Ohio, he headed for New York City to pay his dues in the music circles and coffee houses of Greenwich Village. Two years in the City, another year in Miami, Gene finally found his way to Nashville, what he affectionately now calls "home", where he and his wife, Marnie, along with their two children Christopher and Meeshon, rest between tours.

After thousands and thousands of miles, hundreds and hundreds of college concerts and coffee houses, and playing a seven

year game of what Gene likes to refer to as "gig roulette", his musical career is definitely on a national upswing. SUNSHINE ROSES, released last fall, climbed to be his first chart hit. And now, Cotton has released a new single on ABC Records and in its first stages, DAMN IT ALL is proving to be another super hit for Gene. A new album soon to be released on ABC Records, a recent guest spot on Dick Clark's "American Bandstand", as well as concerts and tours this spring with Olivia Newton-John, Charlie Daniels, Johnny Nash, Wet Willie, and The Marshall Tucker Band, are all good reasons why GENE COTTON is going to be a very familiar name.

In today's world, nothing is so impressive as a multi-talented and successful personality who is able to communicate. Gene Cotton is such a person. His creativity and artistry are reflections of the basic honesty and sincerity of the person, the writer, and the performer. Perhaps the reason for Cotton's rising appeal across the country is best described in his most refreshing element . . . honesty. He comes on stage with something to say . . . says it very well . . . and leaves.
