Good afternoon!

I forwarded your message to my assistant editor, Redd Horrocks, and she will be getting back to you before the end of the week.

Thanks,

Hi!

My name is Rosemary Fischer and I am the Archivist for Clayton. I am trying to assemble copies of all the issues of The Bent Tree for our Archives. Can you put me in touch with the person that can help us get copies to permanently preserve in our Archives?

Thank you for your assistance.

## THE BENT TREE

The Archives is the permanent repository for Clayton's documentary history. The Archives will preserve and maintain the documents, materials, artifacts, memorabilia that are a part of Clayton's history. The Archives uses archival and preservation techniques and supplies to maintain, as well as preserve, the collections. The goal of the archival program is to collect as much of Clayton's written documents as possible to present a clear picture of the history of the school, its activities, students, faculty, staff, and programs.

As each student graduates and employees retire or move on, the Archives will still be here to maintain the collection of Clayton's documents and artifacts. The Archives is open to students, faculty, staff, and the community for research. Finding Aids are provided to assist in locating information. When you turn your documentation over to the Archives, you still have access to it for reference.

As the Archivist for the permanent archives for Clayton, I would like to acquire the following documents: (originals preferred by photocopies accepted)

- History of the newspaper – when it was started, why, any organizational documentation, etc.
- List of the editors and staff for each year of the newspaper's life
- Copies of all issues (two if possible) an inventory is attached for ascertaining the missing copies
- Any other documentation about The Bent Tree which will provide a clear picture to researchers on the history of this newspaper
