Subject: Bent Tree Issues

Hello Rosemary!

I think I can help you quite nicely. About a year ago I created an archive of the Bent Tree issues that we had in our old office. I know that I have issues you can have, and I am sure you can make copies of the ones that I only have one issue of. I think the best thing to do would be to meet in the Office and go through what I have with you. Are you free on thursday afternoon?
