Purpose of the Lyceum Committee:
A "lyceum" is an organization which presents lectures, concerts, exhibits, etc. to the public. The name derives from the grove of trees in Athens where Aristotle taught his students. Lyceum presents programs of an educational and cultural value, meant to reach the mind and broaden it; to give depth and meaning to the ideas already implanted; and once in a while, to plant a new one. Its educational entertainment . . . It makes subjects like history take on a flavor and feeling. It gives you insights into the world of physics, music and parapsychology. The Lyceum Committee wants to give the students a fuller idea of what's happening in the various fields of study. It wants to introduce you to the classics in music and art, remind you of the history of the world, keep you in touch with the politics of today, and, at the same time, entertain you. A person does not occupy a new world without exploring it. The Lyceum Committee proudly presents a new world: your mind. Come explore with us.

The 1973 Centurion staff has worked hard to make the first annual at Clayton Junior College a success; but, without the help of others this would not have been possible.
We would like to thank the SGA for giving the annual staff its start and for backing them during this year.

The Lyceum Committee is financially backing the annual. Since this is our first publication, the financing was hard to do.

We would also like to thank Larry Naylor of Taylor Publishing Company for the hours he spent helping us.

Special thanks to Mr. Benson, Dean Bolander, Bonnie Stoner, Joy Collins, Debbie Moore and James Corn. We appreciate the time these people devoted in helping us.

Thanks to all of the students who purchased annuals and to all the companies who purchased ads.

Last of all I would like to thank my staff; Lori, Joe, David, Michelle without whom I would never have been able to finish the book.
